

### COLOR FILM GREAT, DECLARES GIBSON

Artist Finds Wonderful Effect Produced by Latest Pictures

New York, Sept. 22.—With former District Attorney Jerome as impresario, a show of perfected color motion pictures was given yesterday afternoon at the Strand Projection Room, 220 West 43rd street.

Mr. Jerome is the head of a million dollar syndicate of business men of this and other cities, who are exploiting the new color process invention of Daniel F. Comstock, scientist and engineer. Mr. Jerome said he was amazed by the accuracy and brilliancy of the color reproduction.

The films shown were extracts from a favored picture, as yet unnamed, just completed in Hollywood, which will be released next month.

It was a Chinese legend somewhat like the story of "Madame Butterfly." Particular attention is given photographs of strikingly colored Chinese pagodas, scenes and close-up pictures in intricate Oriental brocade. The successful reproduction of the latter particularly struck Mr. Gibson. His first remark was "wonderful!"

The artist compared the new process to a drink.

"If you show a drink on the screen it is as if it were real," he said. "If it strikes the true color of whisky or wine the audience will become thirsty. There you have realism."

He went on to say the new process would be far easier on the eyes of the audience.

Mr. Jerome said the new process would still ruin for a great many of the motion picture stars of the present day. "They draw fancy salaries just because they happen to screen well," he said. "An ability to act is not the requisite. The colored pictures will give every actress an equal chance, because any complexion or coloring screens equally well."

### "CORPSE" IS FINED \$1

Alleged Dead Man Refuses to Obey Ethics of Morgue

Chicago, Sept. 22.—Joseph Rona violated the ethics observed by corpses when, instead of lying quietly on a slab in the Hyde Park morgue, he insisted upon sitting up and howling out the attendants. His arguments against the ministrations of the mortician became so heated that the "corpse" was taken into court and fined \$1 for disorderly conduct.

Rona, who is twenty-one years old, was found lying on the Illinois Central Railroad tracks, bruised and bleeding. It was thought he had fallen from a train. Station attendants who found him telephoned simultaneously for the police and an undertaker. Two embalmers came, sent with a "dead wagon" and the corpse was removed to the undertaking shop.

As the embalmers were about to begin work on him Rona suddenly sat up and roared, "I am a living man!" He was taken to the police station and laid away until noon, when Judge Blair slipped the fine on him.

London, Sept. 22.—(By A. P.)—Sir Charles Santley, for decades probably the best known and most popular singer on the English concert and oratorio stage, died at his home here yesterday in his eighty-seventh year. Santley made his first appearance on the concert stage in 1857, when he sang in England in "The Creation." His first operatic appearance was in "Dinorah" at Covent Garden in 1850. He had a long and successful career in opera, but his marked achievement was as a concert and oratorio singer. He was knighted in 1907 when the "Herald" of his artistic career was celebrated in London.

Democrats Cause Apprehension of Four Men at Atlantic City

Atlantic City, Sept. 22.—(By A. P.)—Four arrests in the primary election campaign, just now getting a close, came last night when members of the Democratic "regulars" caused four men to be taken into custody on charges of violating the election laws. The complainants are the signatures of Lafayette Lester, John J. McBurne, Edward Townsend and Alfred G. Wolfe.

The men alleged that while "being a member of a political party known as the Republican Party they did sign their names to a petition endorsing one William Charlton and Sarah T. Lorditch as a candidate for office of another political party, to wit, the Democratic Party." They were released under \$500 bail each.
